2022 *Les Dijonnais* Pinot Noir

Carefully tended thirty-year-old vines from a prime location on our Biodynamic estate yielded the fruit for our 2022 *Les Dijonnais* Pinot Noir. As the name implies, it is a blend from five of the wine world's most desirable clones of Pinot Noir, known locally as the "Dijon clones." Harvested by hand in the October sun, one third of the fruit was fermented on its stems to enhance freshness, aroma, and cellaring potential.

After a long, slow fermentation the young wine was moved into French oak barrels where it remained for a further eighteen months. Barrels exhibiting the most complex flavors and texture were selected for the final blend.
